AHCCCS ALTCS MEMBER CHANGE REPORT USER GUIDE

I. PURPOSE

The ALTCS Member Change Report User Guide applies to ALTCS/EPD, DES/DDD (DDD), and ALTCS Tribal Contractors. The purpose of this User Guide is to provide a tutorial for the process of reporting to AHCCCS when a change needs to be made on a long term care member's eligibility or enrollment record via the electronic Member Change Report (eMCR).

II. DEFINITIONS

None

III. ALTCS MEMBER CHANGE REPORT USER GUIDE

Prior to November 2007, requests to change member information (e.g. demographics, placement, etc.) were submitted in hard copy form to either the local eligibility office (Division of Member Services) or the Division of Health Care Management (DHCM). Hard Copy forms were replaced by the electronic MCR process in order to increase efficiency and develop improved tracking and reporting mechanisms for both AHCCCS and the Contractors. Reference AMPM Chapter 1600, Exhibit 1620-2 for guidelines on when to use a member change report form.

The MCR Guide provides the Contractor with examples and of the screens used and the procedural steps for completing the various types of eMCRs.

A. ACCESSING THE ALTCS ELECTRONIC MEMBER CHANGE REPORT

The Electronic Member Change Report is accessed via the AHCCCS website at the following link: [ALTCS Electronic Member Change Report](#).

B. LOG-IN SCREEN

The screen shown below is used to log-in to the Contractor's home page once a user has created an account.

The screenshot shows a web browser window displaying the AHCCCS website. The header includes the AHCCCS logo and the text "Arizona Health Care Cost Containment System". Below the header, there are navigation links: "Home", "Contacts", and "Login". The main content area is titled "Member Change Request Online" and contains two buttons: "Create a new account" and "I forgot my password". Below these buttons is a "Log In" section with a blue header. It includes input fields for "User Name:" and "Password:", followed by a "Log In" button. Below the login fields, there is a paragraph of text explaining the system and providing instructions for creating an account and recovering a password. At the bottom, there is a line of text: "If you are experiencing technical problems with this site please contact the AHCCCS Help Desk at 602-417-4451."

Create a New Account

First time users must click on the “Create a new account” button before being able to access the eMCR home page. See below for the steps to create a new account.

I Forgot My Password

Users may try up to five times to enter a valid password to access a created account before the system will lock out the user. The user will then need to have the password reset. If the user becomes locked out, the user must call AHCCCS ISD Customer Support at (602) 417–4451 to have the password reset.

It is strongly recommended for users who have forgotten their password to click on “I forgot my password” to request the password be emailed to them before trying five times.

[Responded MCR View (Example) Continued]

The Responded Screen above shows the action(s) taken by AHCCCS based on the MCR submitted by the Contractor and the AHCCCS representative's comments.

No Action Taken may be populated as the action response sent by AHCCCS if the change requested could not be made. Comments should be included to provide an explanation.

If the Contractor feels further action is still required, the case manager should contact the appropriate AHCCCS staff regarding the action. Another MCR will likely be needed, but the new MCR may need to be submitted differently or may need to include further clarification. The original MCR cannot be re-submitted.

To remove this completed MCR from the list of pending MCRs on the Contractor's home page, the Contractor/user should click on "Close this MCR" at the top of the screen after reviewing the response. Once closed, a MCR cannot be retrieved.

Action: Clicking on the  icon in the Action column of a specific MCR will display the details of that MCR.

Clicking on the  icon in the **Action** column of a specific MCR will close and remove that MCR from the Contractor's list. **This should only be done after an MCR has been responded to by AHCCCS (either action taken or information to indicate why no action was or will be taken). The MCR cannot be retrieved once it is closed.**

MCR Search

The Search button in the upper right-hand corner of the Contractor Home Page screen (see below) can be used to search by AHCCCS ID#.

1. Enter the Member's AHCCCS ID#:

This will search the Contractor's master list of MCRs for all MCRs submitted and not yet closed for a specific member. A filtered list (MCRs for that AHCCCS ID#) will be displayed. Clicking on Get all MCRs (top right corner) will then return the user to the unfiltered master list of all MCRs.

The screenshot shows the Contractor Home Page interface. At the top left, there is a 'I want to' dropdown menu with options: 'View a list of MCRs', 'Create a new MCR', 'Change my password', and 'Change my email address'. To the right of this menu are links for 'Get All MCR' and 'Get My MCR'. Below the menu is a search bar labeled 'AHCCCS ID' with the value 'A65061602' entered and a 'Search' button. Below the search bar is a table with the following data:

- Address changes can be Residential and/or Mailing, and Move to Home in a different county or Move out of State (these last two options may not be chosen together).

Note: Address changes associated with Placement changes (admissions to and discharges from residential settings) should be reported as a Placement/Living Arrangements change, not a Demographic change. Address changes in the Demographic section are limited to moves between "own home" settings.

3. Miscellaneous:

Enter applicable changes.

Note: The required format for entering a phone number and Social Security Number are noted below the text box, (e.g. Phone1 (999-999-9999)) dashes are required.

2. Enter the office responsible for the case.

For changes to be reported to the local eligibility office, the user must know which office is responsible for the case. This information is available on PMMIS CATS screen CA166 (list of code definitions can be found in ACOM Policy 411).

3. Add Attachments

From this screen, the user can either add attachments or indicate attachments will be sent via fax or US Mail.

4. Click NEXT to see reviewed the MCR prior to sending it to AHCCCS.

AHCCCS ALTCS MEMBER CHANGE REPORT USER GUIDE

[Add Attachments to MCR Continued]

1. **Regardless of the method by which the related documents will be sent, the user should then click the “Add” button.**

Clicking this button adds a note at the bottom of the Review screen to alert AHCCCS of the attachment and how it will be sent.

The user MUST click the “Add” button if “Voluntary Discontinuance” was selected, even when the document will be sent by Mail or by Fax.

When documents associated with an MCR are faxed or mailed to AHCCCS, the sender should clearly indicate on the document that they are related to an MCR which was submitted electronically so they can be routed and filed correctly.

Refer to the following screens if documents will be attached to the MCR electronically.

Electronic Submission of Attachments

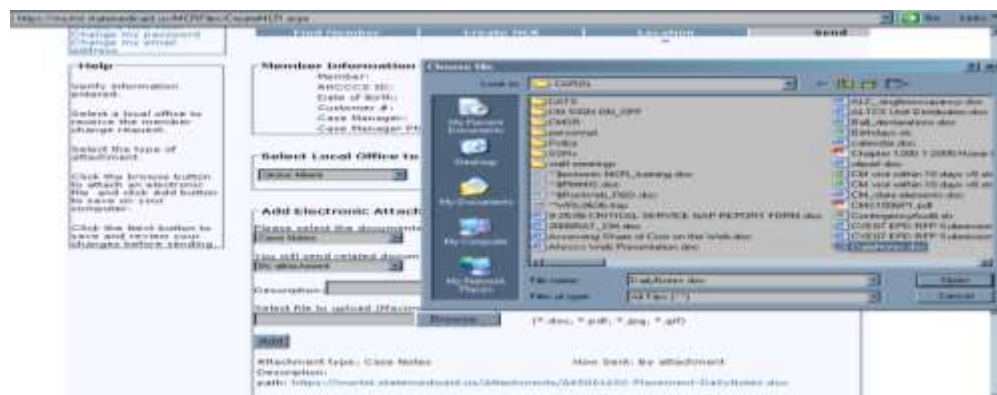

1. **Click the “Browse” button to access available drives within their Contractor’s system in order to attach any files or documents saved there that may pertain to the MCR.**
2. **Click the “Open” button in the Choose File window after highlighting the file(s) that need to be attached to the MCR.**
3. **Click the “Add” button on the MCR screen. If this button is not clicked, the document(s) will not be attached to MCR.**

When the document is attached, its path will appear at the bottom of the screen (see example below).

- More than one document can be added by repeating the above 3 steps for each document. **Once a document is attached in this manner it can not be deleted.**

If the user back-tracks (using the “Previous” button) to make changes to the data entered on the MCR after adding an attachment, that document will still be attached when the user returns to this screen to re-select the location to send the MCR to.

4. **Click NEXT to review the MCR prior to sending it to AHCCCS.**

In the above example, the review screen shows the Attachment Type and how it was attached. When a document is attached electronically it will also show the path of that document. When AHCCCS receives this MCR and clicks on the path, the document will appear.

If more than one document was added, whether by electronic attachment, mail or fax or a combination of these, each should be listed separately as an attachment here.

If the user intended to attach a document and it does not appear here, the “Add” button may not have been clicked on the prior screen and the user will need to go back and try to add the document again.

Placement/Living Arrangements

The below screens show those fields on the Placement/Living Arrangements screen which need to be completed to report this type of change for the member. Screen 1 indicates the placement types to which the member may have moved.

A member who moves to their “own home” from a residential setting (or vice versa) should have that change reported as a Placement/Living Arrangement change, not a Demographic change. Demographic changes are only used when a member moves from one “own home” address to another “own home” address.

Loss of Contact with Member

The “Other” box should be used to report Loss of Contact with a member to the eligibility office.

AHCCCS ALTCS MEMBER CHANGE REPORT USER GUIDE

[Review and Submit MCR Continued]

Submit the MCR

1. Click SEND to submit the MCR to selected AHCCCS location.

The user will be returned to the Contractor Home Page. The just created MCR will appear on that page in the Contractor's MCR list with Status "New".

Add additional changes types to same request

1. The "Save and New" button saves the change information already entered and allows the user to create another MCR for a different change type for the same member.

For example, if the user just finished reporting an address change for the member and now wants to also report an Income/Resource change. The user is returned to the "Create MCR" page to choose the new change type to be reported (page 13 of this Policy).

When all MCRs for the same member have been created, the user will click "Send" from this screen and all will be sent as designed. Each MCR/change type for the member will be listed separately on the Contractor's "home" page.

2. If the user discovers an error in the entered data, clicking the "Previous" button will take the user, screen by screen, back through the previous screens to find the location where the data needs to be changed.

The location where the MCR should be sent must be chosen again on this Select Location screen as it will not have been saved. Any attachments previously added will have been saved.

Retroactive Contract Type Change

The Retroactive Contract Type change option is used, in conjunction with the Voluntary Discontinuance, when the member, who is disenrolling from ALTCS, has a retro period of time for which the member's status should be changed to Acute Care Only (ACO) because the member was not receiving long term care services prior to disenrollment.

1. See instructions below for cases in which the member's status needs to be changed to Acute retroactively but the member has not requested discontinuance from the ALTCS program.
2. Enter a begin date for the retroactive ACO period (required).
 - Designated Format: (mm/dd/yyyy).
3. Click NEXT and select the local office location to which the MCR will be sent.

Tribal Enrollment Change

This option is used to report when a Native American member either moves on or off a reservation to an “own home” placement and an enrollment change to or from a Tribal Contractor will be required. This type of enrollment change, processed via MCR, will be effective the first of the following month. **If the enrollment change needs to be effective sooner than the first of the following month, a Program Contractor Change Report (PCCR) form should instead be used to report the change to the ALTCS local office.**

Note: The AHCCCS Division of Health Care Management Case Management Unit should be contacted, prior to the creation of this type of MCR in order to assist with this type of transition between Program and Tribal Contractors.

1. Enter effective date of the move (required).
Designated Format: (mm/dd/yyyy).
2. Click NEXT and select the local office location to which the MCR will be sent.

The "Tribal Enrollment change" option is selected, and it has two radio buttons: "On-Reservation" (selected) and "Off-Reservation". LTC to Acute

The screenshot shows a web form titled "Part B: Sent to DHCM for the following changes:". It contains several checkboxes and date fields. The "From LTC to Acute - (Attach case notes)" checkbox is checked. Below it are three options: "Services not available" (unchecked), "Refusing HCBS Services (Voluntary Discontinuance not signed)" (checked), and "Temporarily out of service area" (unchecked). There are two date fields: "From LTC to Acute effective begin date:" with a value of "10/01/2007" and "From LTC to Acute end date:". A "Comments:" text area contains the following text: "Member has been offered LTC services but she wants to wait for her sister to become certified Attendant Care provider and does not want any other services. Sister has not yet completed the process despite being given all info about contact numbers and requirements in late Sept." At the bottom are "Previous" and "Next" buttons.

Part B: Sent to DHCM for the following changes:

☒ From LTC to Acute - (Attach case notes)

☐ Services not available

☒ Refusing HCBS Services (Voluntary Discontinuance not signed)

☐ Temporarily out of service area

From LTC to Acute effective begin date:
10/01/2007 (mm/dd/yyyy)

From LTC to Acute end date:
(mm/dd/yyyy)

☐ From Acute to LTC

Comments:
Member has been offered LTC services but she wants to wait for her sister to become certified Attendant Care provider and does not want any other services. Sister has not yet completed the process despite being given all info about contact numbers and requirements in late Sept.

Previous Next

When “From LTC to Acute” is checked as above, the following three reasons/options will become available for selection:

1. Select one of the following:

➤ **Services not available –**

The member requests a service(s) that the Contractor can not provide. If this reason/option is chosen, a box will appear to enter information regarding the service(s) being requested. (See below for more information).

➤ **Refusing HCBS services –**

The member will not accept a service(s) that the Contractor has available and has been offered.

➤ **Temporarily out of service area –**

The member is temporarily out of the Contractor’s service area (but is expected to return) and is not receiving any LTC services during that time. If the member is still out of state at the time the MCR is being completed, a separate MCR should be sent to the local eligibility office, using the instructions above for Temporary Absence from Arizona.

2. Enter Effective Begin Date of this changed contract.

Designated Format: (mm/dd/yyyy). This date must match the begin date of the “D” placement on CA161 for the member. Reference ACOM Policy 411, Pre-Paid Medical Management Information Systems Interface for ALTCS Case Management.

3. Enter effective end date only if this date is in the past.

The end date of acute care only status should not be predicted.

[Change Contract Type from LTC to ACO Continued]

4. **In lieu of sending case notes, the case manager should write comments here to explain the case.**

Those comments must support the reason/option chosen and describe the member's situation.

Note: Case notes may still be sent by fax, mail or electronically as an attachment to the MCR. Fax number for DHCM is (602) 252-2180.

5. **Click NEXT and select the AHCCCS location to which the MCR will be sent.**

Note: DHCM will be the only option for where to send this type of change.

Services not Available (Additional Information)

If the "Services not available" reason/option is chosen, a box will appear, as shown above, in which the case manager should indicate which service is being sought that is currently unavailable.

Note: If alternative services are provided to the member as a substitution for the requested service, a Client Status Change MCR is not needed since the member is receiving LTC services.

Part B: Sent to DHCM for the following changes:

☒ From LTC to Acute - (attach case notes)

☒ Services not available

☐ Refusing HCBS Services (Voluntary Discontinuation not signed)

☐ Temporarily out of service area

From LTC to Acute effective begin date: 01/01/2007 (mm/dd/yyyy)

From LTC to Acute end date: (mm/dd/yyyy)

Service being sought: Alzheimer Care

☐ From Acute to LTC

Comments:

Member needs caregiver to assist him get ready for work starting at 4:00am. Provider agencies currently have no workers available this early but they are actively recruiting.

2. **Click NEXT and select the AHCCCS location to which the MCR will be sent.** DHCM will be the only option for where to send this type of change.

Change Contract Type Retroactively

When a member's contract type needs to be changed retroactively for a specific and fixed time period, one MCR can be used to change both the LTC to ACO and the ACO to LTC at the same time instead of sending two separate MCRs.

Example: A member had been refusing services during the previous full calendar month but then began accepting services before another calendar month passed and before the LTC to ACO MCR was sent.

When “From Acute to LTC” is checked as above the following three reasons/options will become available for selection:

Note: The reason/option checked should correspond to the reason/option that was indicated on the prior MCR that changed the member’s status from LTC to Acute Care Only. For example, if “Services not available” was checked in prior MCR, “Services are available” must be checked for this MCR.

On the left, there are two panels: 'I want to' with links like 'View a list of MCRs' and 'Create a new MCR', and 'Help' with instructions like 'Verify Member Information' and 'Enter new program contractor and select reason for change'. The main form area is divided into two sections. The first section, 'Member Information', contains fields for Member (PHOENIX SUNS), AHCCCS ID (A65061602), Date of Birth (9/9/1955), Customer # (240056565), Case Manager (Casey Manager), and Case Manager Phone # (6025551212). The second section, 'Change PC Within Maricopa County', has a dropdown for 'Member Requests Enrollment Change to:' set to 'SCAN'. Below this is a 'Reason:' section with four radio button options: 'Enrollment Information error' (selected), 'Family Continuity', 'Lack of Choice', and 'Continuity of Placement'. At the bottom of this section is a 'Comments:' text area containing the text: 'Member's representative tells case manager that she indicated her choice as SCAN but this was not processed.' At the very bottom of the form are 'Previous' and 'Next' buttons.

1. Enter the name of the Contractor that the member is requesting his/her enrollment to be changed to, as indicated in the example above.
2. Select one of the four reasons shown above must to indicate why the member's enrollment needs to be changed outside the Annual Enrollment Choice process. See ACOM Policy 403 and/or AHCCCS Eligibility Policy Manual for more information about these reasons.
3. **Enter Comments (not required)**
Comments are not required on this screen but are strongly encouraged to explain the member's circumstances as best understood by the case manager in order to assist the Eligibility Specialist in determining whether the change is valid or not.
4. Click NEXT and select the local office location to which the MCR will be sent.

PAS Reassessment Request

☐ No longer DD eligible
☐ Improvement in functional abilities or medical condition to the extent that the member may no longer be medically eligible.
☒ Transitional member now in NF, expected to exceed 90 days
☐ Other

Effective Date: 10/14/2007 (mm/dd/yyyy)

Comments:
Transitional member admitted to Desert Haven on 10/14/07. Member's condition has worsened since last PAS. Member's 90th day is Jan 11, 2008. Need PAS completed before this in order to do discharge planning if status unchanged.

Previous **Next**

1. Enter the reason for the PAS Reassessment by choosing one of the choices shown on this screen.

Note: The “No longer DD eligible” option is used by DES/DDD only to indicate that a PAS needs to be completed on a member who no longer meets DDD criteria in order to determine if the individual will continue to be ALTCS eligible as an E/PD member.

2. Enter Effective Date.

An Effective Date is only required when “No longer DD” is checked and should reflect the effective date of DD ineligibility. An Effective date can be entered for other options even though they are not required. In the example above, the user entered the effective date of a Transitional member’s admission to a NF. Note: Currently, if the Effective Date was left blank on the screen where the PAS Reassessment MCR was created, a default date of 01/01/1900 will automatically populate this field.

3. Enter Comments in the following circumstances:

- When a PAS is requested due to improvement in the member’s status. The comments should include the type and extent of the member’s improvement and/or what makes the case manager think the member may no longer be medically eligible.
- When a Transitional member is admitted to Nursing Facility (NF). The comments should include the name of the NF, admission date and information about the timeframe when a PAS needed
- Other identified circumstances requiring a PAS. The comments should explain “other” circumstances which indicate a PAS is needed.

4. Click NEXT and select the AHCCCS location to which the MCR will be sent.

The Medical QC unit in the AHCCCS Central office will be the only option for where to send this type of change.
